

PRO 9100

TomTom PRO 9100

The TomTom PRO 9100 is your perfect partner on the road. Designed to save your business time and money, this easy-to-use device helps your drivers perform at their best and stay safe behind the wheel.

Boost your drivers' efficiency with smarter navigation

With the smartest routes and state-of-the-art maps, the TomTom PRO 9100 gets your drivers to their destinations in the best possible time.

IQ Routes™

Map Share™

Fast route planning

Latest map guarantee

Map of Europe
(45 countries)

1. Smart Routes

- IQ Routes™ uses real speed data to calculate the fastest route for any time of day or day of the week, saving you time and money on fuel.
- TomTom PRO 9100 calculates routes up to one hundred times faster, to get your drivers on their way in no time.*

2. Best Maps

- Two million km more roads across 45 European countries
- Use TomTom Map Share™ technology to make corrections to your maps, and benefit from thousands of others made by TomTom users every day, our maps are broader and more detailed than ever.
- And with our latest map guarantee, if an update is released within 30 days of your first use, you can download it free from mytomtom.

* Compared to GO 9000

Safe, efficient driving - made effortless

Because the TomTom PRO 9100 is so intuitive to use, your drivers can navigate stress-free without being distracted.

- With the new user interface and the capacitive Fluid Touch screen drivers can pinch to zoom in and out of maps, or scroll through menus with the tips of their fingers, needing less taps allowing the driver's focus to be on the road.
- Text-to-speech technology gives drivers spoken information, like directions, traffic updates, and even reads out messages – so they can focus on the road ahead.
- The Help Me! menu gives details of local emergency services at the touch of a button: from hospitals to roadside assistance.
- TomTom Speed Cameras¹ provides fixed camera warnings, keeping your drivers safe and relaxed and saving you money on fines.
- Hands-free calling allows drivers to use their mobile phones in complete safety and keep in touch while on the road.

LIVE Services-ready²

When you subscribe to WEBFLEET®, you can access these fantastic LIVE Services straight from your PRO 9100:

- HD Traffic™ for live updates on traffic incidents, estimated delay times and alternative routes to help your drivers avoid delays.
- TomTom Local Search with Google for useful local information at your drivers' fingertips.
- TomTom mobile Speed Cameras¹ gives drivers real-time alerts of mobile speed cameras up ahead, so they stay safe, relaxed, and avoid speeding fines.
- TomTom Weather sends the latest forecast straight to your drivers' devices, so they're always prepared for changing conditions.

LIVE Services are now available up to 33 countries.

¹ Speed Cameras service is pre-loaded for all countries except Germany and Switzerland.

² Not all services are available in all countries. WEBFLEET® subscription is required. Visit business.tomtom.com/liveservices for more information
